EDUCATION

B.Tech (Computer Science and Engineering)

Lovely Professional University, Punjab

07/2019 - 05/2023

Intermediate - 12th

Atomic Energy Central School, Tarapur

2017 - 2019

EXPERIENCE

Postman Student Expert

Postman

07/2021 - Present

Data Analyst Intern

Technocolabs Software Pvt. Ltd.

04/2021 - 05/2021

Perform data analysis and train a model using the most accurate Machine Learning algorithm in order to predict solar radiation for the next 48 hours.

Open Source Contributor

GirlScript Summer of Code

04/2021 - Present

Contributing to the python project under the guidance of experienced mentors

Digital Marketing & Content Lead (Board Team member)

Developer Student Clubs - LPU

10/2020 - 04/2021

Organized various technical workshops on Web Development, Android, Flutter, ML, Actions on Google by inviting industry professionals.

PROJECTS

Solar Energy Prediction Using Weather Data (2021)

- Analyse the datasets, train the model using different machine learning algorithms for highest accuracy. Calculating Global Horizontal Irradiance (GHI) and deploy the most accurate model using Flask on Heroku.

Covid FAQ Chat Bot (2021)

- The conversational chat bot is made using Dialogflow tool of Actions on Google. Covid FAQ chat bot will provide all the relevant information about Covid and vaccination.

Liqmoney (2021)

- It is based on the concept of running ATM, acting as a peer to peer money exchange platform. A user just have to select the money option. After that, he will be connected to the donor and will receive the money. Google Analytics | Firebase Storage | Firebase Authentication, Firebase Database

Rock Paper Scissor Game (2021)

- Neural Network | MLP | Logistic Regression | Open CV Thresholding

Girl Fit (2020)

- Girl Fit is a gym website for women with all details and routines of the gym. Basic HTML & CSS | JavaScript

The Evergreen Restro (2020)

- It is a restaurant website from where users can view the menu items, decide whatever they want. At the end billing will be done and your personal details like name, address will be required. HTML & CSS, JavaScript
